EWP Features and competition Comparison

How does EWP Stack up to the Competition:

We Love You Wordpress
(Our Integration with Wordpress)

EWP is the only Automated Webinar Software on the Planet

▷ EWP is easily uploaded to your own Wordpress Site. (like any other Wordpress Plugin-simply download the zipped folder and upload it directly from the upload area in your Wordpress plugin section)

▷ EWP is compatible with all Wordpress Themes and Versions.

▷ You create the Webinar from inside your EWP members dashboard on our server, and after saving the Webinar it automatically gets populated to your own Wordpress site as a page.

▷ You can easily make your Webinar Registration page as your home page to your Wordpress site.

▷ You can add in your own Analytics to your Wordpress Site which in turn can be used with our software to track EPC's and Traffic Stats.

▷ EWP is compatible with most Wordpress Plugins.

▷ We will work with you to make sure that our Software is easily integrated into your site.

▷ We teach you how to create, set up and implement your own Wordpress site and how to add in EWP to your site.

▷ We will Do the Work for You! We don't want the technical to get in the way of you succeeding so we will create your own Wordpress site for you, along with hosting and complete set up.

Customer Follow up and Notifications

WE have our own Super-Smart Built in Notification Email System. This is the best way to make sure your attendees get notifications prior to the Webinar start time and after the Webinar is over. Because the notifications are uniquely designed for each individual attendee based on the time of their Webinar... your Autoresponder can't do this.
